& Early Education
Centre

VISION & MISSION

We are determined to continue making a diffference to the lives of little ones in Walthamstow and beyond. Let's take a look at what we have been working on and what our future plans are.

MISSION STATEMENT

Our Nurseries are enabling environments where every child's intuitive organic development is supported by wonderfully caring practitioners.

VISION

- We are the steady hands, guiding and supporting tomorrow's citizens to become capable of navigating the world with a natural sense of wonder and resilience.

- We embrace the curiosity approach, creating an open-ended learning environment that ignites children's natural inquisitiveness and encourage them to explore at their own pace, whilst making their own decisions.

- Our practitioners offer every child the time and space to lead their individual learning journeys, guiding their organic development, setting them up for lifelong success.
